FOR IMMEDIATE RELEASE

INDEX ENGINES AND RELIABLE PARTNER TO STREAMLINE EDISCOVERY

Index Engines Welcomes Reliable as an Authorized Litigation Ready Partner

HOLMDEL, NJ — February 05, 2008 — The Reliable Companies, a leading provider of document management for the legal community, and Index Engines, the leader in enterprise discovery solutions, today announced that Reliable has become an authorized partner in the Index Engines Litigation Ready™ Partner Program.

As an authorized partner of the Index Engines Enterprise Discovery Platform, Reliable is now better able to address their clients' offline document discovery needs in the search for actionable information. Reliable will deploy the Tape Engine from Index Engines to accelerate the extraction of responsive files and email from tape backups. The Tape Engine automates the full search and extraction of content and metadata residing on tape without ever restoring the data. The Index Engine platform will reduce Reliable's off-line document processing time approximately 50 to 70% when compared to traditional methods.

“By employing the Index Engines Enterprise Discovery Platform, Reliable is able to better serve our customers within their timelines and budgets,” said Jack Hubbert, Esq., CTO, Reliable. “This solution gives us the ability to provide our clients with access to their offline information without the time consuming and costly process of restoring the data.”

“Reliable offers its clients the ability to manage their documents and ensure compliance with FRCP regulations,” said Jim McGann, vice president of marketing, Index Engines. “Index Engines' Enterprise Discovery Platform and Reliable's document management services together ensure offline tape data is properly managed and readily available when the clients need it.”

The Index Engines Litigation Ready™ Partner Program provides superior technology and resources for partners such as Reliable, giving them the ability to take advantage of continually growing opportunities in the high-demand market for eDiscovery. The program delivers compelling sales and marketing initiatives for lead generation, technology training, sales education and tools to assist during customer engagements. About Index Engines

Founded in 2003, Index Engines is the leader in enterprise discovery solutions. Our mission is to organize enterprise data assets, making them immediately accessible, searchable and easy to manage. Businesses today face a significant challenge organizing their files and email to ensure timely and cost efficient access, while also maintaining compliance to regulations governing electronic data. Companies rely on Index Engines solutions for comprehensive insight into their data to simplify information discovery, classification and management.

The patent-pending Index Engines discovery platform is the only solution on the market to offer a complete view of electronic data assets. Online data is indexed in-stream at wire speed in native enterprise storage protocols, enabling high-speed, efficient indexing of proprietary backup and transfer formats. Index Engines' unique approach to offline records scans backup tapes, indexes the contents and extracts relevant data, eliminating the time-consuming restoration process. Index Engines provides the only comprehensive discovery platform across both online and offline data, saving time and money when managing enterprise information.
